TYPICAL QUESTIONS

Your City Directory Will Answer

ABOUT AN INDIVIDUAL...

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live? Does he own his home or rent? Has he a telephone?
Who are his neighbors?
What does he do for a living? Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?

ABOUT YOUR CITY...

What is the city's history? What are the latest population figures? What is the latest statistical and general civic information? What are the leading industries and activities of the city? What are the names and locations of the schools? What are the churches and where located? Who are the pastors of the churches? What are the locations of the hospitals, nursing homes and other health facilities?

ABOUT A LOCALITY...

Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood? Is it a "home-owners" section? What is the nearest main intersection?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the municipal and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN...

What is the nature of the business? What is the correct name and address? Is it a Proprietorship, Partnership or Corporation? Who are the partners, owners, or officers?

Telephone Locator

A guide for Locating area
residents and businesses when
only the telephone number is
available.

Numerical Telephone Locator

Telephone Numbers Arranged in Numerical Sequence from the Lowest Number to the Highest Number

The Locator takes the "guess work" out of who called, blind numbers in advertising or any other situation where only the telephone number is known.

What's In A Phone Number?

ABOUT THE FIRM

Who called me? When your call back message gives a telephone number only - or includes a common surname such as Jones, Smith, Brown etc. - the Numerical Telephone Locator will assist in determining correct firm name. Make use of both Alphabetical and Street Guide Information to

establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have necessary records, files or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL

Who called me? When only a telephone number is

known, the Numerical Telephone Locator will assist in determining the name of the individual - this information combined with other sections of your City Directory will quickly establish such information as wife's name, place of employment, title, home address, business address and other necessary information.
